

Waste Management Policy

1. Systematically engage with the 3 'Rs' of environment friendliness (Reduce, Reuse and Recycle).
2. Use separate waste bins to collect degradable and non-degradable wastes.
3. Encourage the habit of reusing and recycling non-biodegradable products.
4. Collect paper waste produced on campus and collaborate with scrap dealers for recycling.
5. Reduce solid waste by developing a technology-centric teaching and administrative model
6. Reduce the use of paper by supporting digitization of attendance and internal assessment records.
7. Reduce requirement of printed books by updating the e-books and e-journals collection of the college library.
8. Encourage the students and teachers to submit assignments electronically.
9. Take initiatives to spread awareness amongst students about food wastage and ways of minimizing it and also minimizing the use of packaged food.
10. Organize workshops for students to create awareness and to manage various kinds of wastes.
11. Collaborate with e-waste recycling companies to get electronic waste recycled.
12. Collect chemical wastes in separate containers.
13. Ensure the proper functioning of the drainage system in the college.

These policies shall be reviewed regularly to ensure its relevance and effectiveness. Any proposed changes to the policies will be subject to approval from the relevant authorities.
